Attachment B – Visit Pre-Screening Questions

Before each visit, the visit supervisor must contact the parent by telephone and review these questions. This should be done PRIOR to the child being transported to the visit.

Pre-Screening Questions Updated October 29, 2020

Questions 1 and 2 from the previous pre-screening health questions have been omitted.

***If the answer to any question below is "yes", please explain which household member(s) are affected and provide as much detail as possible.**

1. Does anyone in the household have a cough or shortness of breath or difficulty breathing; or at least two of the following symptoms: fever, chills, repeated shaking with chills, muscle pain, headache, sore throat, nausea, diarrhea, congestion, runny nose in conjunction with other symptoms, or new loss of taste or smell; and the symptoms could be related to potential exposure to COVID-19?

☐ Yes ☐ No ☐ Unknown

2. Has anyone in the household tested positive for COVID-19?

☐ Yes ☐ No ☐ Unknown

3. Is anyone in the household considered a person under investigation by the Maine CDC waiting for test results for COVID-19?

☐ Yes ☐ No ☐ Unknown

4. Is anyone in the household isolated/quarantined per doctor's orders or the recommendations of the Maine CDC?

☐ Yes ☐ No ☐ Unknown

If the parent answers yes to any of these questions, the visit supervisor should immediately notify the caseworker and/or supervisor as well as the resource parent and anyone providing transportation for the child. The in-person visit will be canceled, and a telephone or video conferencing visit will be held until the risk of COVID-19 transmission resolves.
